

INNOVATION | STRENGTH | RELIABILITY

★ **INNOVATION** RGC products are designed with the end user in mind—for performance, durability and low maintenance, to provide you with an effortless user experience.

★ **STRENGTH** Durable Construction, using the highest quality marine grade aluminum and superior hardware, provide a level of quality you can count on.

★ **RELIABILITY** With over 75 years of experience, RGC brings a depth of knowledge and a standard for excellence you can trust, so you can relax and enjoy your time on the water.

BUILT TO LAST

HYDRAULIC LIFT FEATURES

Vinyl bunks

Cushions and protects your boat with fade and stain resistant vinyl. The riveted design withstands years of use.

Hydraulic cylinders

Chrome plated stainless steel shafts and stainless steel fittings come standard with all hydraulic lifts.

Aluminum frame

Sturdy marine grade aluminum provides superior strength and longevity.

Adjustable Extension Legs

Equipped with large foot plates to provide greater stability.

Lift Arm Pivots

Reinforced with welded bushings for greater reliability and longevity.

Wireless Remote Transmitter

Convenient control of your lift from a distance.

Hydraulic Control Box

Designed for maximum efficiency with superior components. Available in 12V or 24V DC power.

Solar Panel

Clean, free and low maintenance power.

FEATURES:

- ✦ Fast, easy, smooth lifting at the push of a button.
- ✦ High quality 6061-T6 Marine Grade Aluminum and welded frame construction for improved reliability that lasts through years of use.
- ✦ Eco-friendly biodegradable hydraulic fluid.
- ✦ 2 remote transmitters give you long range wireless operation of your lift.
- ✦ Easy to install and adjust—no special tools required.
- ✦ Low maintenance, effortless functionality.
- ✦ We offer an array of accessories allowing you to customize your lift to fit your needs.

WHY RGC:

- ✦ RGC Hydraulic Cylinders with chrome plated stainless steel shafts and stainless steel fittings resist corrosion and are standard equipment on all our hydraulic lifts.
- ✦ RGC lift frames are thicker than competitor frames adding stability and reliability. Our frames are welded for superior strength and low maintenance. No screws to tighten.
- ✦ Lift Arm Pivot points are reinforced with welded bushings to reduce wear and withstand harsh conditions better than the competition.
- ✦ Vinyl Bunks are stain and wear resistant and riveted in place so they will protect your boat through years of use.
- ✦ Depth of experience—With over 75 years of experience, we have the knowledge and dependability you can trust.
- ✦ All of our products are built in the USA and backed with our 15 Year Limited Warranty.

BUILT TO LAST

ACCESSORIES:

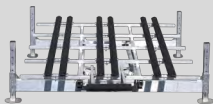

BOW STOP

RGC's bow stop securely positions your boat in the cradle for precise fore to aft location to keep it snug when not in use.

VERTICAL GUIDE POSTS

Take the guesswork out of entry and exit by guiding your boat properly over the lift.

PONTOON/TRITON KITS

RGC optional Pontoon/Tritoon kits fit any of our Hydraulic Lifts and are built with the same durable marine grade aluminum and high quality components.

FULL GUIDE-ONS

The ultimate protection for precise entry and exit every time. With RGC's full guide-ons you'll never rub a decal off your boat.

MOTOR STOP

Keep your boat properly positioned, safe and balanced for easier entry and exit. Adjustable up to 3' and aluminum/vinyl construction is maintenance free.

WAKEBOARD GUIDE-ONS

Vertical and full length guide-ons combine to offer extreme protection. Designed specifically to safeguard your boat during entry and exit without marring the boat's decals.

RGC CANOPY

Add a canopy for the ultimate protection. Available in our streamlined Apex design, or choose the Traditional canopy in scalloped or straight style for a classic look. RGC Canopies come standard with fade and stain resistant Sunbrella® fabric in an array of colors to complement any waterfront.
